Lamp Viewing Angle	36°
Colour Rendering	80
IP Protection	IP20
Power Factor	0.90
Class	II
LED Type	COB
Life Span (hrs)	30,000
Operating Temp.	-20°C ~ +40°C
Size(mm)	Ø93x170
Material	Aluminium
Frame	White/Black
Includes	LIFUD Driver
Certificates	CE & RoHS

Product Description

This LED spotlight for a three-Circuit track is made of aluminium and lacquered in white and black. This 30W Bertha spotlight can be oriented in any direction, allowing us to modify lighting depending on the presentation of products. It's designed to enhance specific decorative elements, contributing to the creation of multiple environments. Its light source features COB technology.

Frequently use in: Showrooms, rooms with different ambient, banquets and, in general, large spaces that are always under change and need a spotlight on certain objects.
